NATURE OF OUR MISSION:

CHRIST AMBASSADORS MISSION TEAM OF KENYA is a ministry whose values are founded on Christian Faith. We are a Ministry oriented to missionary activities and we are open to all denominations for Mission activities, children ministry and empowerment for Youth Leadership skills. Therefore, the team is informed by the Christian Gospel of Preaching the good news to all the nations (Matthew 28:18-19), but also demonstrating the humanness of Christ and his nature of being on earth with the Physical body. Jesus Christ was performing acts of mercy, Love, Peace, feeding the hungry, and giving wholeness to peoples' body. This Society is thus an instrument of Christ's Missionary work on earth with the purpose of restoration of all creation to God. However, it is important to note that we are not a Church institution but we are an independent Mission Team which collaborates with all institutions of like-minded mission for the good of the people. Our empowerment is in line with various talents in music and art, theatre skills, cultural dance and motivational talks that are directed towards transforming the lives of young people in a positive way. We share our success stories with students and have them share their stories as we build teams that are focused towards excellence. Over years we have been able to reach out to about 2000 youth in Kenya through our youth friendly programs and we have experienced

tremendous success and change of many lives of young people who would have lost hope in life. We also have 300 sponsored needy children under child mentorship and development program. Our core aim in this is to raise a generation of champions who would take up the mantle of leadership for the nation they are in.

I sincerely want to thank you for your willingness to partner with us . This is a clear indication that you are called to carry out noble service to humanity and the society today. My core mission in service to humanity is to see a transformed life of young people. In the capacity of CAMT-KENYA president in charge of all programs for all global missions in Africa, I therefore take this opportunity to welcome you to partake with me this calling .As the founder and CEO of CAMT-KENYA, therefore, I would like to clearly state the following:

I prepare to engage more meaningfully to a holistic approach of transforming lives of young people globally by engaging more in a meaningful partnership with like-minded institutions and persons. CAMT-KENYA since its creation in 2013 has not been able to fully exercise its potentiality in reaching out to the communities as I have always desired. This has been partly because of the TEETHING PROBLEMS which every child must experience, but now I believe that we are beginning to walk by ourselves. This does not mean that when toddler begins to walk he or she does not need to be held his hand to gather courage and momentum. That is why we encourage more potential partners to walk together with us in this journey.

As we engage in this meaningful activities, it is my first and foremost duty to encourage our potential partners to take up this initiative of transforming lives of our youth as a VOLUNTARY MINISTRY thriving from within ourselves and commit ourselves, our wealth and talents meaningfully into it for the desired change. Dedicating ourselves to the work of empowering our young generation and giving all our resources to it will pull the hearts of many young people towards holistic living and have a desire to walk in our experiences and embrace the spirit of servant leadership. Thus we will have achieved in raising a generation of champions to take up the mantle of leadership.

CAMT-KENYA is focusing at Empowering Youth and Children for missions through their Talents and other youth programing. We hope that you will join us

for this and other programs we hope to do now and in the future and by the grace of God support our dream for the young people in Africa as indicated in the attached proposal. Looking forward to getting your feedback .

9. SPONSOR A CHILD AND RAISE A COMMUNITY OF CHAMPIONS:

1. For around \$1 a day, you can make a direct and profound difference in the life of a child. Your donation ensures that your sponsored child has nourishing food, clean water, medical care, excellent education, and the opportunity to hear the life-changing message of Jesus Christ. We teach them life skills and pray with them and we share joy together.

2. Help qualified high school graduates achieve their dream of a university degree! Earning a university degree seems like an impossible dream for the children growing up in the slums and other disadvantaged areas of Kenya. Yet many of the Primary school pupils from CAMT-KENYA have taken secondary entrance exams and are eligible to begin their secondary academic careers and later proceed to university. Your gift builds a sustainable fund that allows qualified students to receive a loan paid directly to their respective educational institution. Upon completion of their studies, students then give back to global communities through CAMT-KENYA GLOBAL COMMUNITY DEVELOPMENT VOLUNTEER PROGRAM, thus replenishing the fund to allow more students to achieve a university degree! You can be part of this joy today.

Each year, the number of children enrolled in CAMT-KENYA greatly increases as we recruit more children. So many more children in our mission could receive a quality, Christian education through CAMT-KENYA.
